(Special to The Times-Dispatch.)

BRISTOL, VA., Nov. 21.—There are indications that Dr. John S. Wentz and Sons, of Philiadeipida, may become interested in the scheme of George L. Carter and associates to construct a line of railway from the Southwest Virginin coal fields to a South Atlantic port. Mr. Carter's company resumed grading along the route of the old Obio River and Chaifeston road, a part of which was graded fifteen years ago, only recently, and in this connection there comes a visit from the Wentzes. Dr. Wentz and his son, Daniel, were in conference with Mr. Carter this week. While nothing could be learned of the significance of the conference, it is pointed out by Mr. Carter's attorneys that his interests and those of the Wentzes are identically the hose of the Wentzes are identically the same as regards the construction of such

a railroad as has been undertaken.

More than fifty miles of this road have
been completed, and the same is in operation in East Tennessee and Western
North Carolina. To connect with the
Seaboard Air Line for a Carolina port, it
is only necessary to construct a few miles
southward from Spruce Pine, N. C.,
